*Defer BUS 121 and BUS 122 to the 2nd year if ACT is below 24 or H.S. class rank is below the 50th percentile.
** Concentrations of 12-14 credits are available in accounting, communication, finance, information systems, marketing, and agribusiness.
There is considerable flexibility with the B.S. in Business Program. This sample schedule would be appropriate for a student who is ready to take courses in the major as early as possible and wishes to spread out General Education over a longer period. Other students may wish to cluster GE earlier and take courses in the major later. In those cases, note that BUS 261 and BUS 331 are prerequisite to concentrations in those marketing and finance, respectively, although BUS 331 may also be taken concurrently with Banking or Insurance. For Accounting concentrations, BUS 221 Intermediate Accounting I is prerequisite to nearly all other Accounting concentration courses, so should be taken Fall of Year 3.
Often students take BUS 399 Internship during the summer.
