

Banner Self-Service User Guide for Student Financial Services

Banner Self-Service is a useful, online tool for students to view information regarding their student account and financial aid in addition to other information such as registration, student records, housing, roommates and meal plans, etc. When we update information you are able to see it immediately.

The following chart illustrates the folders you would select to view certain items specific to your **student account** and **financial aid**.

Follow these steps to view your information:

1. Log into the *connectCUNE* portal with the same username/password used for your *cune.org* email.
2. Click on the 'Academic Life' tab
3. Click on 'Banner Self-Service' then on the following folders (see below):

TIP: Make sure you work through all FOUR tabs of your award letter!
