## Instructions

### Academic Catalog year

Academic programs and requirements may change each year. Your catalog year tells which programs are available and the requirements you must complete to receive a degree. Normally your catalog year is the year you begin study at CUNE. Your entire program (general education, majors, or minors) will be based on the chosen catalog year. You may choose to move to a more recent catalog, but not to a previous one.

### Degrees and Majors

Please note: students who matriculated at Concordia before the 2013-14 academic year must complete a minimum of 128 credit hours for one degree and 158 credit hours for two degrees. *Exception: students who continue full-time in Fall 2013 may change to the updated catalog requirements.*

Students who matriculate in 2013-14 and after are required to complete a minimum of 120 credit hours for one degree and 150 credit hours for two degrees.

Majors are only available with certain degrees. See the academic catalog for the degree/major combinations available. You may have more than one major.

Education majors are only available with the BSED.

- Elementary Education major must have 1 concentration
- Middle Level Education must have 2 CTAs
- Secondary Education must have one Field or one Comprehensive Subject or two Subjects

Liberal Arts majors: The available majors for BA, BS, BFA, and BMUS degrees are listed in the appropriate catalog.

### Minors

Most minors are available with any degree and are awarded only with a major. A minor cannot be earned in the same field as a major. You may have more than one minor.

### Other

Add supplemental endorsements or other certificates on the blank line.
