Notes: Eng 201 is a pre-requisite for many English classes. Be sure to take it in your freshman year. You need six hours of upper level English electives in addition to the numbered courses on the list. See the catalog for a list. Eng 383 can be substituted for Eng 385 if you have schedule conflicts. However Eng 383 is a fall class, so you will need to switch a 300 level writing class into the spring if you choose to do this substitution. This will even out your course load.
