

**Research Project Resources**

**Course:**

**Name(s):**

**Topic:**

**Date:**

1. **Cite** the research project resources you've chosen using the citation style format for this course.
2. **List** where you found the resource (name of the database/library catalog/other), or in the case of websites, your search path that led you to the website.
3. **Justify** your choice by using the criteria of currency, authority, relevance, accuracy, and/or point of view.
4. **Attach** a copy of the first page of each resource.

Here is an example:

1. Smith, J.P. (1998). Global strategy: a necessity. *Journal of International Business*, 23, 92-121. [APA style]
2. LexisNexis online database
3. authority: the author is a university professor; point of view: he lists and supports twelve reasons for global strategy
