Elementary Middle-Level Secondary

K-12 Early Childhood Inclusive

List endorsements/concentrations/subjects/content
teaching areas/field:

Minor(s): _____

Other:

Lutheran Teacher Diploma

Christian Teacher Diploma

Director of Christian Education

Instructions

Academic Catalog year

Academic programs and requirements may change each year. Your catalog year tells which programs are available and the requirements you must complete to receive a degree. Normally your catalog year is the year you begin study at CUNE. Your entire program (general education, majors or minors) will be based on the chosen catalog year. You may choose to move to a more recent catalog, but not to a previous one.

Degrees and Majors

Concordia requires a minimum of 120 hours for one degree and 150 credit hours for two degrees. Majors are only available with certain degrees. See the academic catalog for the appropriate degree/major combinations. (Ex.: The Bachelor of Arts degree may have the Behavioral Science major and the Psychology major.)

Minors

Most minors are available with any degree and are awarded only with a major. A minor cannot be earned in the same field as a major. You may have more than one minor.

Other

Select additional certificates, programs or comments.

Note: Students are ultimately responsible for following academic policies and procedures, meeting deadlines, monitoring their progress for meeting degree requirements and knowing and completing all the requirements of the program in which they are enrolled.
